ORDER

On August 13, 2014, pursuant to 807 KAR 5:056, the Commission established Case No. 2014-00228 to review and evaluate the operation of the Fuel Adjustment Clause ("FAC") of Louisville Gas and Electric Company ("LG&E") for the six-month period that ended on April 30, 2014. One of the issues under review, but not yet concluded in that case, is the methodology being utilized by LG&E for allocating fuel cost between native load customers and off-system sales.

On February 5, 2015, the Commission established Case No. 2014-00453, also pursuant to 807 KAR 5:056, to review and evaluate the operation of LG&E's FAC for the two-year period from November 1, 2012, through October 31, 2014. That two-year period includes the six-month period that ended April 30, 2014, and is still under review in Case No. 2014-00228. Finding that LG&E's fuel cost allocation methodology should be investigated in the pending two-year FAC review, as well as in the pending

six-month FAC review, and to achieve administrative efficiency and economy, the Commission, on its own motion, HEREBY ORDERS that:

1. Case No. 2014-00228 is consolidated with Case No. 2014-00453. All future filings relating to any issue in either case shall contain the styles of both cases and shall be filed in Case No. 2014-00453.

2. Case No. 2014-00228 shall remain on the Commission's docket until such time as a final order is entered in these consolidated cases.
